

# Artist Activity Badge

Art is a scream!

This activity contributes to the following badges:

Artist  
Activity Badge

## Get Artistic!

### The Badge

Option 1 of the Artist badge is all about getting creative, and showing off your work!

### Check List

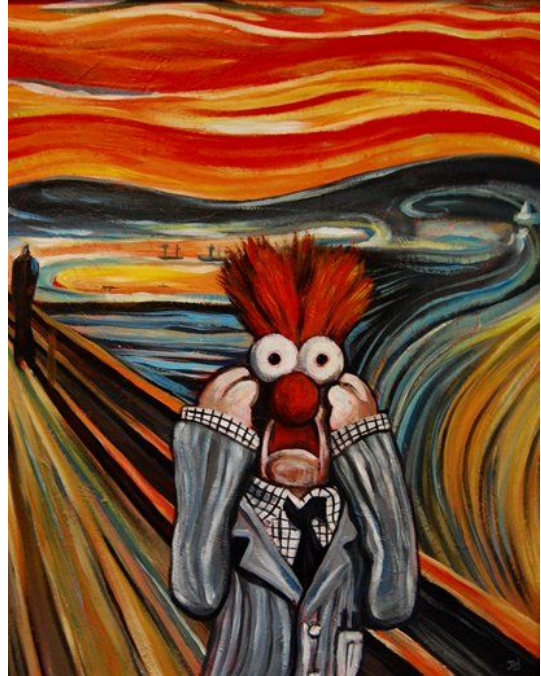

Paint/draw/illustrate...

...a scene from a story.....

...a person or object.....

...a landscape.....

Show off your work.....

## 1 Story

Choose a scene you like from a story. It can be any story you like – from the news, from Norse mythology, from Anderson's Fairy Tales, from anywhere! Even from Harry Potter, if you must!

Once you have chosen your scene, choose how you are going to show it artistically. This could be in pencils, inks, using Photoshop or paint software, watercolours, whatever suits your fancy! Don't forget to upload a copy of your work. With your permission, we'll add it to our Facebook gallery, too.

## 2 Person

As "Story" above – choose a person (real or not, someone you know personally or not), or an object, and paint, illustrate, or draw – and share!

## 3 L'scape

Once again – for a landscape. This could be anything, from dramatic fjords to your own back garden.

## 4 Share

Upload your work (or a photo of it) to the Parent Portal. Please add a chat comment to say whether you are happy for your work to be shared to a wider audience – it would be nice to put a Facebook gallery of all of our collective works together, to brighten up the world and give people something different to look at than the usual social media doom and gloom!
